

2021 KSIR Paratransit (Model 238 Shown)— Features and Benefits

Contoured W/C Doors

23.8' Overall Length.

78" Interior Height.

45" X 36" Frameless Windows.

Generous Hip-to-Knee seat spacing.

All LED Interior & Exterior Lights.

Sumo Springs Front & Rear for improved handling even in severe cross winds. Greater stability with minimum body lean on curves and freeway ramps.

Full Body White Paint with Clear Coat. All painting is done before windows, lights, or trim is attached for a finish which will not discolor.

Padded Vinyl Interior walls and ceiling including the rear wall with accent insert.

Smooth **Altro Flooring** covered to the wall seat track for luxurious look and ease of cleaning. Entry steps match the flooring and are also covered for ease of cleaning.

Glitz Two Tone reclining seats have the look and feel of Coach Seats at a fraction of the cost..

Ford E-350 Chassis with power windows, door locks, OEM Ford AM/FM/CD, OEM Gray Fabric Driver & Copilot Deluxe Captains Chairs.

Unique Contoured Double W/C Doors . Matches the contour of the body without protrusions for a smooth appearance.

All Galvaneal Steel Cage, Subfloor, and Entry Step module provides maximum corrosion resistance.

Seamless Fiberglass exterior with full Galvaneal steel cage backing the full height of the bus eliminates body skirts for full height strength and durability. Front and rear Fiberglass caps are attached to the sidewalls using Bulb Seal Technology for a caulk free exterior minimizing maintenance.

European style Heavy Duty Fiberglass roof is stronger than fiberglass used in other buses and provides superb impact resistance.

Spacious passenger area allows generous knee space and room for flip seats over the W/C tie-downs.

The 78" interior height allows for **Draft-Free rear air-conditioning.** The evaporator is mounted in the front bulkhead to provide the most efficient A/C and minimize noise. The vents are positioned to allow the air to flow along the ceiling, **evenly distributing cooling throughout the bus.** No more complaints about cold drafts in the front and poor airflow in the rear!

Frameless windows are 45" wide, 9" wider than other cutaway buses, providing panoramic views for the passengers. The tempered tinted glass is 3/16" thick, **33% thicker than the competition,** providing superior sound proofing and increasing the efficiency of both the A/C and heaters.

Glitz passenger seats are fitted with **retractable seat belts** and a **US Arm** at each aisle seat.

Stainless Steel Wheel liners with Braided Stainless Steel valve extensions for the inner wheel make checking proper tire pressure a snap..

Note: Some Items Shown are Optional. Passenger Capacity may be affected by option load.

2021 KSIR® Pro Cutaway E-Series

The **KSIR Pro Cutaway Bus** is rated as the quietest, best riding bus of all the buses in the E-series category. This is due to our custom, hand built construction featuring Galvaneal steel exclusively including the body cage, subfloor, roof trusses, and even the step wells. Thicker Frameless windows and R4.5 density block insulation in the walls effectively block out road noise while keeping the passengers cool in the summer and warm in the winter.

The optional Sumo front springs and rear springs provide excellent stability in cross winds, reduces body lean in cornering and exit ramps. It also greatly reduces "nose dive" during heavy braking.

The "Draft Free" rear A/C unit is mounted in the front bulkhead, and directs air down the ceiling to ensure an even flow of cold air throughout the bus eliminating drafts on the forward passengers. All the A/C components are mounted behind an attractive padded panel; only the vents are visible. Inside this enclosure the evaporator is surrounded by heavy insulation which increases the efficiency of the A/C and also quiets the noise of the A/C unit.

KSIR® E-Series Buses . (Some Items Shown are Optional) .Passenger Capacity Can Be Limited by Optional Selected.

Standard Features:

- All Galvaneal steel throughout including steps.
- Full body white paint with clear coat at N/C. Other colors available for a modest "Up Charge"
