

## 2021 KSIR® Low Floor Pro Cutaway

The *KSIR Low Floor Pro Cutaway Bus* allows easy entry without steps or the necessity of using a traditional "Platform" lift to accommodate W/C passengers. Starting with an E-450 Ford Super Duty chassis, a fully automatic Liquid Springs suspension is added with the ability to lower the bus 5" making the "Ground-to-Entry" height 7". This feature is Driver controlled and allows easy entry for all passengers, especially for mobility device users as the ramp angle is minimized.

Capacity\* up to 18 passengers or 16 passengers with 2 W/C ( Plus Driver )

Our hand built construction features Galvaneal steel exclusively including the body cage, subfloor, roof trusses, and entry door framing. Thicker Frameless windows and R45 density block insulation in the walls effectively block out road noise while keeping the passengers cool in the summer and warm in the winter.

The "Draft Free" rear A/C unit is mounted in the front bulkhead, and directs air down the ceiling to ensure an even flow of cold air throughout the bus eliminating drafts on the forward passengers. All the A/C components are mounted behind an attractive padded panel; only the vents are visible. Inside this enclosure the evaporator is surrounded by heavy insulation which increases the efficiency of the A/C and also quiets the noise of the A/C unit. The A/C condenser is roof mounted for improved efficiency.

\* Option Load May Reduce Capacity.

### Standard Features:

- 4 Wheel Liquid Spring Suspension eliminates Air Bags which are prone to leaks.
- "Kneeling" feature allows the driver to lower the bus 5" providing a 7" ground to floor height for easy entry.
- Power W/C ramp mounted in 40" doorway with parallel entry assist grab rails.
- All Galvaneal steel construction.
- Full body white paint with clear coat at N/C.
- Seamless full height Fibreglas Walls ; no separate "skirts".
- Frameless Windows.
- Front & Rear Caps.
- One piece Fibreglas roof.
- Upgraded Alternator.
- Power window & door locks.
- Altro flooring.
- HB Ford OEM Driver & Copilot seats in gray cloth.
- OEM AM/FM/CD.
- LED Interior & Exterior lights.
- 78" Interior headroom.
- R45 Sidewall Insulation.
- "Draft Free" rear A/C
