

BLUE BIRD®

VISION GASOLINE

Cost Efficiency Now and Later

Blue Bird's Vision Gasoline bus is designed to deliver savings now and down the road. Vision Gasoline buses do not require costly equipment to run clean, and maintenance is affordable and cost efficient.

Choose the Blue Bird Vision Gasoline bus experience:

Low up-front cost

**More available mechanics
for gasoline engines**

Fewer parts

**Easier and less expensive
maintenance**

Efficient for Everyone, Tailored to You

Vision buses offer exceptional driver visibility and maneuverability, and they are made with many of the same parts as the Blue Bird All American bus, resulting in a reduction of parts and service complexity. These buses are available with multiple fuel types and powertrain options so that each bus is specifically tailored to each customer. Choose what works best for you to reduce your total cost of ownership and meet your specific operating requirements.

From chassis to body to cockpit, the Blue Bird Vision is a winner: a purpose-built school bus from a purpose-driven company that is clearly best-in-class.
